## **Staff Changes**

Dear Brothers and Sisters,

I hope everyone was able to enjoy their Thanksgiving with their family, friends, and loved ones. Now that we are into the month of December, I would like to bring everyone up to date on the changes that have taken effect here at the District with regards to the District staff.

Effective Monday, December 1, 2014, I assumed the office of President Directing Business Representative (PDBR), with the retirement of PDBR Gordon King, and we all wish him the best in his retirement years. I have assigned Earl Schuessler to the position of Assistant Directing Business Representative. I have assigned, with the District Delegate Body approval, former Boeing Plant Chairman Roger Smith, to the position of Business Representative and former shop steward Leo Jones, to the position of Plant Chairman at Boeing.

These assignments bring many years of experience to your district and will ensure a smooth and efficient transition in day to day representational activities.

Fraternally yours,

*Stephen McDerman*  
Stephen McDerman  
President Directing  
Business Representative
