## Solidarity Shirts

March 2, 2020

Brothers and Sisters,

Later this year we open negotiations for our members working at GKN. While there are numerous issues that our members want to address at both companies next contract, the single most glaring injustice is the two-tier wages.

Your district delegate body along with district staff designed t-shirts for our members to purchase at cost to display our solidarity for members working at both companies. We have designated Thursdays as "Union Shirt Day". See your steward to place your order and proudly send a message to the companies that we are United.

Any member interested in participating in informational pickets are asked to provide your contact information to your steward. You will be contacted as events are scheduled.

In Solidarity,

Earl Schuessler  
President Directing Business Representative  
IAM District 837
