# SAVE FOR 2025!

## Start your Individual Strike Fund (ISF) today!

### WHY?

Our strength at the bargaining table in 2025 is a direct reflection of the solidarity and preparation of our members. The time to prepare for a stronger future is now. Having an ISF will give you the confidence to judge the companies 2025 offer based on the merits of the offer and not feel pressured to accept less than your worth.

The goal is always to achieve a good contract for you the member and not have to strike. Being prepared to strike places our members in the best position at the bargaining table
